Home barista classes are back in November Our two-hour home barista classes return to the Gertrude Street café on Saturday afternoons from 8 November. Each class is limited to six people so everyone gets time on the machine. What you will learn How to dial in a new coffee using a scale and a timer. Steaming milk for flat whites and lattes, and the basics of latte art. Cleaning and simple maintenance to keep your machine running well. Classes cost \$95 and include a 250 g bag of coffee to take home. Book in the café or by emailing hello@emberandoak.example. Who the class is for The class suits anyone with a home espresso machine, from a first machine still in its box to a well-used dual boiler. Bring your own milk jug if you have one. Gift vouchers are available, and every booking can be moved to another date with a week's notice. August 23, 2026
